**Central Pennsylvania Coalition
United to Fight Cancer
CATALYST**

MISSION

To improve the cancer survival rates of ethnic and minority persons in Central Pennsylvania, Statewide and Nationally.

The initial focus of CATALYST has been on breast, cervical, and prostate cancers. However, other cancers and cancer-related issues are being addressed. We promote the benefits of early detection by using culturally sensitive approaches in education.

**Loving Souls and Sweethearts XIII
Free Cancer Education
Workshops and Luncheon**

Saturday, February 28, 2009
